Each year due to inflation, a dollar has less buying power than it did before. Please create a 1 to 2 minute video that shares one or more ways that people can grow their money so that in the future it is able to buy as much or even more that it did when they first started.

The video content could include, but is not limited to animation, a song, skit, story, or educational facts. Submissions will be judged on the following criteria:

- entertainment value
- accuracy of information
- production quality of the video
- creativity

Upload the video to YouTube and include the link here:
